

RTD Mini-Grabber Alligator Clips

MGA

Accessories

RTD Mini-Alligator Clips provide the perfect solution for making temperature measurements via terminal strips and screw head connections. These clips will not add an additional junction. The Alligator Clips are available with coil cords or 5' Teflon leads with Stainless Steel Overbraid and your choice of termination. All of the clips open a full 0.25" making them suitable for binding posts, screw heads or large diameter wire. Add confidence to your measurements by using these leads.

Features:

- **Ideal For Transmitter Connections**
- **Wide Opening Jaw**
- **Available With Convenient Coil Cords or Teflon / Teflon**
 - **Ideal For Connecting Wires Inside Process Connection Heads**
- **Recommended For Use With Any Precision Reference Instrument**
 - **3 or 4 Wire Copper / Copper**

SPECIFICATIONS	
Length	3.3"
Width	0.5"
Jaw Width At Tip:	0.218"
Maximum Opening	0.25"
Coil Cords	1' coil cord extends to 5' 3' coil cord extends to 15'
TFE Option	5' Teflon Lead w/ Stainless Steel Overbraid

Model	Wires	Lead Type	Lead Length	Termination	Price
MGA - RTD Mini-Grabber Alligator	R3 = 3 wire	C = Coil Cord	1 - 1' extends to 5' 3 - 3' extends to 15'	M = Mini-plug (Digital) J = Mini-jack B = Banana Plug L = Standard Plug	
		T = TFE	H - 5' Teflon w/Overbraid		

Model	Wires	Lead Type	Lead Length	Termination	Price
MGA - RTD Mini-Grabber Alligator	R4 = 4 wire	C = Coil Cord	1 - 1' extends to 5' 3 - 3' extends to 15'	U = Unterminated B = Banana Plug	
		T = TFE	H - 5' Teflon w/Overbraid		

The Temperature People
Since 1943

Need something more specific? We've got your solution.

If our massive stock of off-the-shelf products still doesn't have exactly what you need, then we'll build it for you. That's why we're the world leader in temperature sensor technology: for the past seventy-six years, we've never stopped pushing the boundaries of what's possible. Call us today and let's get started.
