

# Thermocouple Mini-Grabber Alligator Clips

MGA

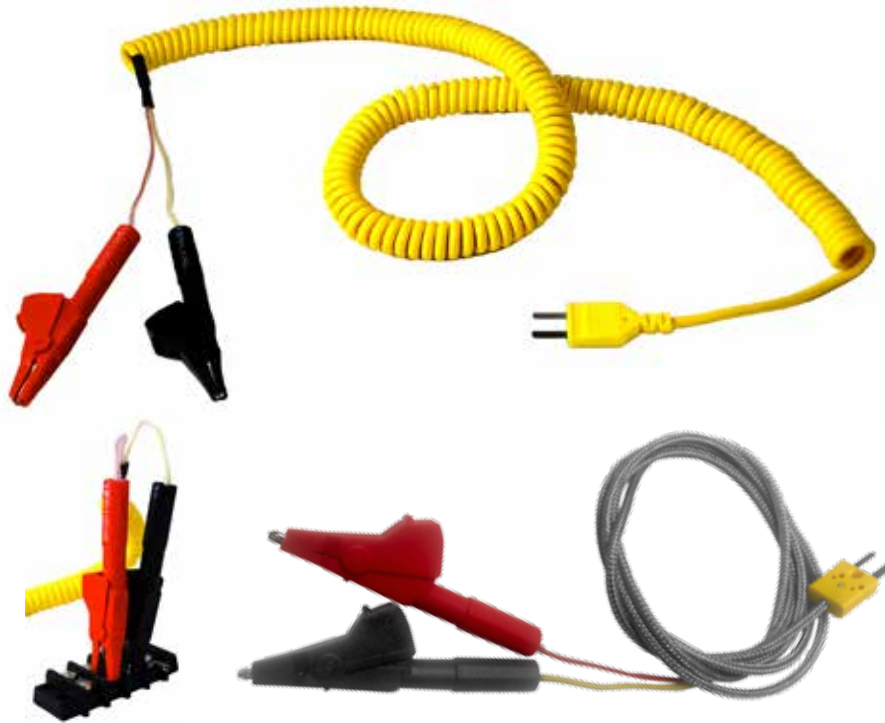

## Accessories

Thermocouple Compensated Mini-Grabber Alligator Clips provide the perfect solution for making temperature measurements via terminal strips and screw head connections. These clips will not add an additional junction; they are thermocouple material from the tip back to the plug. They are available in all base metal thermocouple types and in uncompensated versions for other connections. The Alligator Clips are available with coil cords or Teflon leads with a Stainless Steel overbraid and your choice of termination. All of the clips open a full 0.25" making them suitable for binding posts, screw heads or large diameter wire. Add confidence to your thermocouple measurements by using EDL's compensated leads.

### Features:

- Thermocouple Material From the Tip to the Teeth
- Wide Opening Jaw
- Available with Convenient Coil Cords
- Available in All ASTM Base Metal Thermocouple Types
- Allows Fast, Simple Connections to Bare Thermocouple Wires
- Ideal for Connecting Thermocouple Wires Inside Process Connection Heads
- Eliminates Multiple Cold End Junctions
- Recommended for Use with Any Precision Thermocouple Reference Instrument
- Also Available in Copper / Copper

Specifications	
Length	3.3"
Width	0.5"
Jaw Width (At Tip)	0.218"
Maximum Opening	0.25"
Coil Cords	1' coil cord extends to 5' 3' coil cord extends to 15'
TFE Option	5' Teflon Lead w/ Stainless Steel Overbraid

Available Individually or as Base Set Including Thermocouple Types K, J, T, & E.  
**1' Coil Cord Part #: MGA-SET-C-1-M**  
**3' Coil Cord Part #: MGA-SET-C-3-M**

Model	T/C	Lead Type	Lead Length	Termination	Price
MGA - Thermocouple Mini-Grabber Alligator	*T E J K CU	C = Coil Cord	1 = 1' & extends to 5' 3 = 3' & extends to 15'	M = Mini-plug (Digital) J = Mini-jack L = Standard Plug U = Unterminated	
	R S	T = TFE	H = 5' Teflon lead w/ Stainless Steel Overbraid for "T" lead type only		
	**N				
MGA-SET-C-1-M	SET	C = Coil Cord	1 = 1' & extends to 5'	M = Mini-plug (Digital)	
MGA-SET-C-3-M	SET	C = Coil Cord	3 = 3' & extends to 15'	M = Mini-plug (Digital)

## Need something more specific? We've got your solution.

If our massive stock of off-the-shelf products still doesn't have exactly what you need, then we'll build it for you. That's why we're the world leader in temperature sensor technology: for the past seventy-six years, we've never stopped pushing the boundaries of what's possible. Call us today and let's get started.
